> Lyon & Healy **Apartment Grand Piano**

Three essential elements combine to make this the ideal modern small grand. It brings the elegance and grace, the incomparable musical quality of the grand into a size proportioned to the moderate sized home; its volume of tone is modulated to suit the living room; it is priced well within the reach of people of moderate means.

Added to these advantages are important exclusive improvements: the Candelectra, the Silento, and the Junior Unfolding Two-Level Pedal. This latter is the greatest piano invention in many years. It makes it possible, for the first time, for a small child to play with expression. Ask for a demonstration of this wonderful, yet simple device. The greatest authorities say you should insist upon having it in the piano you buy.

The Apartment Grand is attractively priced at \$925. Our plan makes it easy to own one! Former price \$1.050.

Lyon & Healy Uprights and Players

In these beautifully voiced pianos is embodied the knowledge of the world's foremost

music house. They are the result of fiftyseven years of handling high grade instruments. Like the Apartment Grand, they "sing beneath the fingers." Their outstanding worth is emphasized by advantages exclusive with Lyon & Healy-the Junior Unfolding Pedal, Candelectra, and Silento.

In the player, the most improved type of action is presented. It gives to the music a crisp, sparkling quality; it makes delightful feeling and expression possible. To own such an instrument is a constant joy.
